Category of facility licensed by Long Term Care

Program for inspection of prepared foods in
restaurants, under Oklahoma Food Code.

Program offers state tort immunity from liability to health care providers who provide care to medically indigent persons at a free clinic, and who are working within the scope of employment of a charitable health care provider. The OVCHPP also offers healthcare providers state tort immunity from liability in instances where a patient is referred from a free clinic to another charitable healthcare provider for medical services.

Program for inspection of manufactured foods, such as those in vending machines. Does not include inspection of restaurant prepared food (see "Food Service Inspection and Certification")

Facility Licensure and certificates of need for various long term care facilities including nursing homes, assisted living centers, residential care homes, adult day centers, etc.

Prevention and intervention for communicable diseases, training to labs, health care providers and general public on reportable conditions

Ryan White - Provides programs and support related to: care and treatment services for people living with HIV/AIDS, several parts which also include conditions such as viral hepatitis and perinatal conditions

Collects data using the PHIDDO and other systems, for surveillance and analysis of reportable diseases as specified by 63 O.S. § 1-503

Collection of data related to birth and death certificates, regulations for submissions of vital events from healthcare providers, reporting by Health Care Information for birth/death rates

Collection, standardize and report hospitalization and discharge data as determined in the Oklahoma Health Care Information System Act. Also required to report induced termination of pregnancy (abortion) under state law.
